Reflections on today's Gospel:

"Amen, I say to you, this poor widow put in more than all the other contributors to the treasury." Just two small coins, worth only a few cents--this was the greatest contribution of the day? Jesus explains that this widow's tiny sum was generous in a way that the larger amounts people gave were not. Others made noticeable, "impressive" donations to the Temple treasury, which in fact cost them nothing. These were simply "from their surplus wealth." But the poor widow "contributed all she had, her whole livelihood." She was truly generous, giving what cost her dearly. Her contribution was made out of love, not just out of obligation or for the sake of show.

God has given us all different "livelihoods." Some of us have more money, more talents, more resources. Some of us have less. But of course we know that God's love for us is not based on this external data. He loves the rich and the poor alike. The question is whether this external data affects our love for God. Sometimes, those who are poor are more aware of God's providence and protection. Sometimes, they are bitter. As for those who are rich, it can be tempting to feel so comfortable and complacent that they don't recognize their need for God or his action in their lives. But Jesus' message challenges us all today to gratefully give back to God in thanks for whatever he has given us, be it small or great. We are called not to give from our surplus but to share from our very livelihood. That is to say, we are called to acknowledge that our livelihood itself, no matter the details, is a gift from God. Let us follow the wisdom of the widow who showed gratitude for what she had and was truly generous in spite of what she lacked.
